

Board Member Development Opportunities

The school board in modern America faces a difficult set of challenges. It must fashion a quality educational program, must decide complex policy issues, and must oversee the prudent management of school facilities.

The public expects its Board members to demonstrate high qualities of leadership as they deal with affairs of the public schools. In turn, the Board expects public support for its efforts to enlarge the horizons and abilities of its members.

The Board of Education places a high priority on the importance of a planned and continuing program of in-service education for its members. The central purpose of the program is to enhance the quality and effectiveness of public school governance. The Board shall plan specific in-service activities designed to assist Board members in their efforts to improve their skills as members of a policymaking body; to expand their knowledge about trends, issues, and new ideas affecting the continued welfare of local schools, and to deepen their insights into the nature of leadership in a modern, democratic society.

Funds shall be budgeted annually to support the program. Individual Board members shall be reimbursed for out-of-pocket costs incurred through participation in approved activities. The Board as a whole shall retain the authority to approve or disapprove the participation of members in planned activities.

The public shall be kept informed through the news media about the Board's continuing inservice education and about the programs anticipated for short- and long-range benefits to the schools.

The Board regards the following as the kinds of activities and services appropriate for implementing this policy:

1. Participation in school board conferences, workshops, and conventions held by the state and national school boards associations, and other appropriate education conferences.
2. District-sponsored training sessions for Board members.
3. Subscriptions to publications addressed to the concerns of Board members.
4. The Eagle County School District Board will maintain a membership in the Colorado Association of School Boards.

REGULATIONS:

1. All Board members will be encouraged to attend all in-state conferences, conventions, and workshops of the Colorado Association of School Boards.

2. Attendance at conferences, conventions, workshops and/or other meetings to be conducted by the Colorado Association of School Boards will be brought to the Board for action with the primary purpose being representation by the Board at these meetings.
3. Out-of-state conferences such as the National School Boards Association convention held each year may be attended by representatives of the Board of Education. A rotating schedule will be established to permit two Board members per year to be in attendance. Other requests by Board members to attend out-of-state conferences will be dealt with on a per request basis with a decision made in accordance with any budgetary restraints.
4. The Superintendent is directed to establish within the budget funds to cover the costs of Board member participation in such conferences, conventions, and workshops as stated above. This will be reviewed annually in the budget presentation.
