

School Board Policy Process

It is the intent of the Eagle County School District to develop written policies so that they may serve as guidelines for the successful and efficient operation of the Eagle County School District.

The District considers policy development one of its chief responsibilities. Proposals regarding policies may originate with a member of the Board, the Superintendent, a staff member, a parent, student, consultant, civic group, or any resident of the district. A careful and orderly process shall be used in examining such proposals prior to action upon them by the District. The District shall take action after providing the opportunity to hear the recommendations of the Superintendent and the viewpoints of persons or groups affected by the policy.

The policies of the District are designed and meant to be interpreted in terms of state laws and regulations and other regulatory agencies within our state and federal levels of government.

Changes in needs, conditions, purposes, and objectives will require revisions, deletions, and additions to the policies by the District.
