

Evaluation of Support Services

The Board of Education of the Eagle County School District believes that the support services departments provide a vital and necessary service to the effective and efficient functioning of the instructional program.

Support services shall include the departments of accounting, food services, transportation, maintenance, and central delivery.

In an effort to gain input and feedback related to the effectiveness of these departments, an annual assessment shall be conducted. The format of this assessment shall be left to the discretion of the Superintendent (*or his/her designee*).
