

School Admissions To/Withdrawals from School

All persons age five through 20 who reside with their legal parents/guardians within the boundaries of this School District who have not graduated from high school may be permitted to attend public schools without payment of tuition. Emancipated students who are between the ages of 18 and 21 need not reside with their legal parents/guardians but must reside within the Eagle County School District. In addition, persons who do not reside in the District may be admitted under Board policies related to nonresident students or by specific action of the Board.

A birth certificate or other proof of legal age, as well as proof of residence, may be required by the school administration.

All students new to the District shall be enrolled conditionally until records, including discipline records, from the schools previously attended by the student are received by the District. In the event such records indicate a reason to deny admission, the student's conditional enrollment shall be revoked. Notice of the conditional enrollment status of new student shall be clearly indicated on all new student enrollment forms. Students shall be urged to have a physical examination and to submit a report from the examining physician prior to enrollment.

Denial of admission

The Board of Education or the superintendent may deny admission to the schools of the district for cause. The grounds for denial of admission shall be those established by law. (See Exhibit JF-E.)

Students who were expelled from any school district during the preceding 12 months or whose behavior during the preceding 12 months in another school district was detrimental to the welfare or safety of other students or school personnel may be denied admission.

Pursuant to Colorado law, a student who has been expelled shall be prohibited from enrolling or re-enrolling in the same school in which the victim of the offense or member of the victim's immediate family is enrolled or employed when:

1. the expelled student was convicted of a crime, adjudicated a juvenile delinquent, received a deferred judgment or was placed in a diversion program as a result of committing the offense for which the student was expelled;
2. there is an identifiable victim of the expelled student's offense; and
3. the offense for which the student was expelled does not constitute a crime against property.

If the district has no actual knowledge of the name of the victim, the expelled student shall be prohibited from enrolling or re-enrolling only upon request of the victim or a member of the

victim's immediate family.

The Board shall provide due process of law to students and parents/guardians through written procedures consistent with law for denial of admission to a student.

The policy and procedures for denial of admission shall be the same as those for student suspension and expulsion inasmuch as the same section of the law governs these areas.
