

## REGISTRATION DATES AND TIMES FOR START OF 2021-22 SCHOOL YEAR

ALL students/families must **register online** and then attend registration in order to pay their fees and receive a printed schedule of classes. Due to the high volume of schedule change requests, individual student schedules will be adjusted by written requests submitted to the counseling department. Students should not expect to meet with counselors unless there is a question that cannot be addressed in a written request.

**How do you register online?** Go to the following links on the district website to complete the information update for your student prior to attending registration in-person. The links will not be available until July 12, 2021

- Returning Eagle County Students - [English](#) [Spanish](#)  
Families will need a student's individual SnapCode in order to complete the update. The codes will be emailed to the address we have on file on July 12.
- New Student Registration - [English](#) [Spanish](#)

As we begin the transition into the new school year, it is vital that we know the most current contact information for your family in the event of an emergency related to your child or impacting your child's school or the whole District, and that we have an accurate postal service, phone number and email addresses to send you important information throughout the school year. Other permissions include, but are not limited to; bus transportation rules acknowledgment and publicity and information releases.

The window to complete the Annual Information Update opens on **July 12, 2021** and closes on **September 30, 2021**. Please be aware that failure to complete the update during the open window may result in a loss of some privileges afforded to students as they will not be allowed to ride district provided transportation or use district provided technology without the proper acknowledgments on file.

If you need personalized support, please contact [registration@eagleschools.net](mailto:registration@eagleschools.net) or call (970) 328-4747.

**Registration Dates - the following dates/times are specified for students and parents to complete the registration process and include paying your fees, having your student ID picture taken, locker assignment, etc.**
